

BIRDS

It's no secret that Oxyfresh pet products help Fluffy and Fido feel better, look better and smell better ... but what about the rest of the world's creatures? Shouldn't they all benefit from Oxyfresh's incredible products?

Oxyfresh Helps Birds Products & Benefits/Uses

- there are 13 million domestic birds in the U.S.
- nearly 10 percent of households own birds
- birds are kept in area not natural to them and subject to lots of stress
- many household cleaning products are toxic to birds

"I use Cleansing Gelé in my birds' cages. It helps loosen dirt and debris in the cages and makes cleanup simple — without harming my birds."

HARRIET RAUTENBERG
Boca Raton, Florida

Cleansing Gelé | #200

1 tablespoon per quart

- Using warm water in a mister bottle, mist perches, cage bottoms, any place where you have dried fecal material. Let sit for 5-10 minutes and rinse
- Excellent cleaning solution for syringes, tubes, spoons and any hand-feeding utensils
- Diluted with water, mixture can also be used safely to bathe birds or wipe dirty feathers
- Inactivates polyomavirus

Pet Gel | #405

- Apply to skin incisions to help prevent self-trauma. The Aloe Vera content is very soothing and decreases inflammation when used on irritated areas, wounds, or surgical incisions, etc
- Dilute 1:4 with warm water in a mister bottle, helps reduce feather picking. Spray the bird minimally twice weekly

Pet Oral Hygiene Solution | #456

- May be added to bird's drinking water even though they have no teeth. It helps keep the water cleaner longer and also helps prevent a condition called "Sour crop" because Oxygene® helps prevent bacterial growth.

Pet Antioxidants | #440

crush wafer and add to food

- Helps eliminate the free radicals and also support the bird's immune system

Mellow Out – Pet Relaxant | #475

1 capsule per 400 grams of body weight

- Calms frightened bird, such as when transporting

Skin Barrier® | #218

- Protects the hands against cleaners and acids, which exist on fresh fruits and vegetables being prepared for birds.
