

RABBITS

It's no secret that Oxyfresh pet products help Fluffy and Fido feel better, look better and smell better ... but what about the rest of the world's creatures? Shouldn't they all benefit from Oxyfresh's incredible products?

Oxyfresh Helps Rabbits Products & Benefits/Uses

- there are 5.3 million pet rabbits in the U.S.
- more than 5 percent of households own rabbits
- fewer than 26 percent of animal shelters will accept rabbits
- nearly 44,000 pet rabbits are abandoned every year

"My show rabbits have never been healthier and more productive because of Oxyfresh Pet Nutritionals. And Primorje Pet™ has prevented many show-stressed bunnies from biting or scratching the judge."

MARY ANNE CHASE
Aurora, Colorado

Pet Antioxidants | #440

½ for large rabbits, ¼ for small rabbits

- Strengthens the immune system and reduces chances of contracting snuffles, a common but incurable upper respiratory infection

Pet Oral Hygiene Solution | #456

add one teaspoonful (5 mL) per quart of drinking water

- Promotes better water intake

Primorje Gold | #3131

1/4 dropper directly in the mouth

- Reduces show and/or travel stress

Pet Gel | #405

inject into mouth with needleless syringe

- Relieves stomach distress which often causes rabbits to stop eating
- Reduces pain from injuries and improves healing
- Stops bleeding if a toenail is trimmed too short

Pet Ear Cleaner | #820

- Keeps the lop rabbit's ears wax free
- Helps with ear mites. Clean with Ear Cleaner, then use the prescribed miticide

Pet Shampoo | #801

- Although rabbits are never bathed, occasionally a sick rabbit will need to have it's posterior cleaned up. Eliminates stain and odor without removing the fur's natural oils

Pet Relaxant "Mellow Out" | #475

open capsule and sprinkle on food pellets

- Relieves stress after surgery or injury

All-Purpose Detergent | #804

- Cleans cages, watering bottles and food bowls without corroding wire.
- Removes algae build up from the hard-to-reach corners of water bottles

Skin Barrier | #218

- Apply to hands before cleaning the cage, litter box, or cage tray. Odors from manure and urine will not stay on your hands, especially after washing with the Cleansing Gelé

All-Purpose Deodorizer | #302

- Removes urine stains and odors from carpet, clothing and cages
